

Meet the Teachers

My name is Nikoleta and I'm a teacher and a psychologist. My home country is Croatia but I spent most of my life studying and working in the United States and other countries all over the world. I enjoy science and art. I always have a hike planned for the near future. My favorite hobby is playing board games, especially Dungeons and Dragons. I love to travel and experience living in different countries.

My name is Elyce and I'm from Ireland. I am a teacher and a musician. I play the piano and I love working with young people. In my free time, I often read as I enjoy learning and discovering new things.

My name is Lynn and I am from Scotland, where I studied Journalism. There is nothing I enjoy more than sharing the English language through conversation, games, laughter and silliness. I love talking about food, memes and pop-culture: tell me your favourite food, show me a meme or tell me something interesting/funny you read online and we will be instant friends.
